Balancer shown w/ optional Wheel lift Model #WBL80 can be used with any: WB-255, WB-277, WB-640 or WB-68047

### WHY BUY A WHEEL LIFT? **DO THE MATH.**

The weight of a tire from a pickup or a light truck averages 100lbs and requires 2 people to properly center and secure it on a balancer. Our tire lift makes it a one man job. Great for the bottom line while improving productivity. No back problems either.
