## TYPE I SAFETY CONTAINERS

Compliant and economical Justrite Type I safety cans reduce fire risks and make everyday use of flammables easier and safer.

Protection features include a 3.5" (88mm) long chemical resistant stainless steel flame arrester that stops flashback ignition, provides faster liquid flow, and offers exceptional durability. The self-venting, self-closing leakproof lid prevents ruptures from pressure build-up and controls vapors and spills.

Warning label includes an extra large ID zone for user labeling of contents to avoid misuse, reduce the potential for incompatible mixtures, or may be used to designate department or individual owner. Made of galvanized steel with a tough powder paint finish, can capacities 1 gallon (4L) and above have ample head-space to accommodate oil additives.

- Precision arrester screen stops flashback ignition to reduce fire risks
- Superior chemical resistance
- Excellent corrosion protection
- Long length for safe insertion of gas nozzle
- Faster liquid flow
